BT RAMMER BTR73H

- 4-cycle Robin EH12-2D engine designed for tamping rammers
- Durable cast aluminum throttle
- Large air cleaner on crankcase giving two stage cleaning providing longer engine life span
- Two stage fuel filter extending carburetor life span
- Quality German made polyurethane bellows - 3 year guarantee
- Precision casting and machining of all impact parts
- High quality shock absorber for better operator comfort

SPECIFICATIONS:

- Engine: Robin EH12-2D
- Net weight: 73 kg
- Operating weight: 75 kg
- Foot size: 300 x 280 mm (LxW)
- Dimensions:
 - Length 720 mm
 - Height 1045 mm
 - Width 415 mm
- Jump stroke: 50-75 mm
- Max impact force kN (kgf): 13,7 (1.400)
- Impact frequency: 640-680
- Fuel tank capacity: 2 l
- Max output: 2,6 kW (3,5 HP) 3.700 m⁻¹
- Starting system: recoil starting
- Set R.P.M. : 3.700
