

BETON TROWEL

CONCRETE FINISHING
& COMPACTION

TRANSPORT DOLLY

The BT Transport Dolly takes the strain out of moving your concrete trowel. With a simple tilt, the heavy-duty wheel engages instantly—no lifting, dragging, or awkward maneuvers required.

- **Move Faster** between pours
- **Reduce setup and breakdown time**
- **Work smarter and more ergonomic**, save your back
- **Protect your tools and your concrete**
- **Applicable on all Power trowel Walk-Behind machines**
